ABOUT

Experienced social development and WASH specialist with over 18 years of expertise in rural water supply, sanitation, hygiene promotion, community mobilisation, institutional capacity building and stakeholder coordination.

She currently serves as Social, Hygiene and Sanitation Coordinator, delivering large-scale rural WASH programmes in Tajikistan in partnership with the International Secretariat for Water (ISW) and Swiss Development Cooperation (SDC) — placing community ownership, governance, gender equality and behaviour change at the heart of her work.

AREAS OF EXPERTISE

Social Mobilisation

Engaging and empowering communities to take ownership of WASH initiatives through participatory, locally-led approaches.

Hygiene Promotion

Driving sustained behaviour change through hygiene education and promotion that improves health and prevents disease.

Gender Integration

Embedding gender equality and social inclusion across WASH programming, ensuring services respond to the needs of women and girls.

Climate Adaptation in WASH

Building climate resilience into water and sanitation systems so services withstand a changing climate.
